

Why PM FSKPM?

The Student Association of the Faculty of Cognitive Sciences & Human Development (or known as *Persatuan Mahasiswa Fakulti Sains Kognitif dan Pembangunan Manusia*, PM FSKPM), which was established on 1 June 1996, has become the main pillar of student development and activities since then. The association is supported by several programme-based clubs, namely the Cognitive Neuroscience Club (CNC), the Human Resource Development Club (HRD), the Psychology Club (PERSEPSI), the Counseling Club (PERAMAH) and Postgraduate Club (PGC).

Previously, PM FSKPM had the privilege of partnering with a diverse range of prestigious institutions across the globe to foster academic exchange, cultural exploration, and knowledge-sharing. Together, we've created enriching experiences in academic exchange, cultural exploration, and meaningful knowledge-sharing. These dynamic partnerships reflect our unwavering commitment to fostering global connections and delivering vibrant, transformative university engagement adventures. Join us – the journey continues, and you're invited!
