

JOURNAL OF COGNITIVE SCIENCES AND HUMAN DEVELOPMENT (JCSHD)

AIM AND SCOPE

The Journal of Cognitive Sciences and Human Development (JCSHD) is a peer-reviewed, open-access online journal published twice a year (March and September) by the Faculty of Cognitive Sciences and Human Development, Universiti Malaysia Sarawak. The journal focuses on the central themes of the human mind and human development, offering a platform for advancing scholarship in cognitive sciences, human development, psychology, counselling and human resource development.

We invite original empirical studies and review articles that make meaningful contributions to these disciplines and embrace a wide range of research approaches, including quantitative, qualitative, and mixed methods. All submissions undergo a double-blind peer review process to ensure academic rigour and integrity.
